

Your Health Information At Your Fingertips

eCHECK-IN BEFORE YOUR APPOINTMENT

Check in for your appointment by completing your eCheck-In up to 7 days in advance of your appointment using your smartphone, tablet or computer in your *MyPortfolio* patient portal. You can also upload an image of your insurance card and pay visit copays and any balances on your account.

At Maryland Primary Care Physicians, your health and safety come first. This secure service will decrease the amount of time you spend in your physician's waiting room, allowing you to better practice recommended social distancing measures for your safety.

How to Complete eCheck-In

- After logging into the MyPortfolio patient portal, you'll click the Visits button and select Appointments and Visits. Next to your appointment there will be a green eCheck-In button that takes you to the form.
- After clicking the Submit button, your eCheck-In will be complete.

You must have a *MyPortfolio* login to complete eCheck-In.

Questions About Using MyPortfolio:

Contact the *MyPortfolio* technical support center at **844-281-8667** or email myportfoliosupport@mpcp.com

You can use eCheck-In to:

Update your address and other personal information

Review and update your allergies, medications and health issues

Notify us of any insurance changes

Pay your copay (charges processed when you arrive)

Respond to questionnaires related to your treatment

Find the MyChart App
in the App Store and
Google Play.
